

MJP Sports Medicine, Physical Therapist

COMPANY OVERVIEW

Michael Johnson Performance is a multi-faceted organization providing training and performance related services to the sports world.

POSITION OVERVIEW

MJP's Sports Medicine Physical Therapy program completes the process of athlete development services by integrating the best in physical therapy and sports injury rehabilitation, with return-to-sport programming and the world-renown MJP performance training systems and support. The physical therapy center is strategically located within the training area, allowing our highly skilled therapists to incorporate rehabilitation programs with sport or age-specific training. This integrated rehabilitation approach enables athletes to progress quickly and seamlessly through the injury rehabilitation process so they can return to the highest level of competition.

ESSENTIAL RESPONSIBILITIES

Duties & Job Knowledge

- Assist in the development of the Michael Johnson Performance rehabilitation system in accordance with all local, state, and national laws and regulations, as well as licensing and insurance certification
- Review and evaluate physician's referrals and patients' records to determine physical therapy treatment requirements
- Perform patient tests, measurements and evaluations and record findings to aid in developing and/or revising specifics of the treatment program or training program
- Administer appropriate treatments as indicated. Instruct, motivate, and assist patients to achieve their goals
- Evaluate all incoming training athletes utilizing the MJP Pre-Val systems to determine training level.
- Provide findings of Pre-Val in formal reports to both coaching staff and MJP athletes; makes specific corrective exercise recommendations to MJP performance coaches based on information from Pre-Val
- Appropriately supervise and direct PTA's or other support staff in providing patient care and performance of their job responsibilities
- Record patients' treatment, response, and progress daily within MJP documentation format
- Complete documentation requirements and billing procedures in a timely manner per policy
- Update treatment plan and/ or reevaluate patients as needed to ensure optimal outcome

- Interact and consult with other medical services with regard to patients' status; develop relationships with outside medical support staff, including but not limited to orthopedic, internal medicine, dental, chiropractic and massage
- Responsible for assisting billing services, as requested, to complete billing in a timely manner
- Work directly with administration staff on weekly patient schedule development, patient reschedules, cancellations, and Pre-Val scheduling

EDUCATION & QUALIFICATIONS

- Registered/licensed Physical Therapist in the State of Texas
- Competitive sports background preferred but not mandatory (either as former competitor or provider of sports medicine services to competitive teams or individuals)
- Licensed Athletic Trainer preferred but not mandatory
- Advanced training/certification in soft tissue management (including Graston, ASTYM, or other)
- Advanced training/certification and demonstrated experience/clinical excellence in manual therapy technique
- Advanced training/certification in strength & conditioning (including NASM, NSCA, or other)
